

1000 BOOKS

Before Kindergarten

Each train cart has 20 circles in it. Color in one circle each time you read a book. Repeat titles count.

Once you color in all the circles you've read 100 books. For every 100 books you read, visit your local branch to receive a sticker and a free prize book.

Register and enter your reading progress in Beanstack to earn your prizes by visiting www.thegdlibeanstack.org or bring this log into the library for assistance.
