He stated that he will be sending a letter to each of the local municipalities to gather information to see what type of relief we can expect from the local TIFA’s.

Retiree Healthcare:
D. Conklin stated that K. Williams is present because he was involved with last year’s contract negotiations. He stated that K. Williams had brought a U. S. Supreme Court decision on retiree healthcare to the Board’s attention during that time. He stated that at the Board’s request, he began investigating different options regarding the retiree healthcare. He stated a meeting was held earlier this month with K. Williams, W. Delaney, L. Ryals-Massey and GDL Administrators at K. Williams’ office to discuss the matter further. K. Williams stated the U.S. Supreme Court decision stated that benefit levels are vested only during the current union contract period and employers may make changes after the contract expires. He stated that GDL pays approximately $367,000 annually for retiree healthcare and they only contribute approximately $15,000; but GDL pays approximately $326,000 annually for active employees and they contribute approximately $35,600 annually. K. Williams stated that it is proposed to have all retirees contribute ten percent of their annual healthcare premium. W. Delaney inquired when the current union contract expires if the percentage of payment can be revised and K. Williams replied that is correct. K. Williams stated this change will help reduce the unfunded OPEB liability. L. Ryals-Massey inquired how retirees would be notified about this change. D. Conklin stated that letters would be mailed to each retiree informing the change would be effective July 1st and informational meetings would also be held. L. He stated that we are recommending purchasing the Ford vehicle as it is closest to the specifications and will be delivered the fastest. W. Delaney inquired if we looked at State of Michigan vehicle bids, but D. Conklin stated it is a specialized vehicle and does not believe they would have the specifications we need. M.
